

# SuccessMaker At Home Program Information and Order Form

Riverside Elementary School is using an educational software product from Pearson Education Technologies called *SuccessMaker Enterprise*. Students at Riverside are currently using this software to develop and improve reading and mathematics skills.

The main courses being utilized are Reading Readiness (K), Initial Reading (1-2), Reader's Workshop (2-5), and Math Concepts and Skills 2 (K-8). In these foundation courses, the program monitors each student's performance and selects appropriate instructional activities to fit the student's needs. Additional programs are available within *SuccessMaker* as well, depending on the student's grade level and ability.

We have this program available for home use. Parents who are interested in having their children use the *SuccessMaker at Home* program may pay a one-time enrollment/user fee of \$25.00. (Note: This is our actual cost and is NOT a fundraiser.) This one time fee provides a set of software (on loan for your use at home) and access via the Internet\* to your child's *SuccessMaker* assignments.

A single enrollment/user fee covers any child in your family who is enrolled at Riverside Elementary School. Your family may access this account as long as your child is enrolled in a Gwinnett County elementary school. (Note: Access rights and permissions are subject to change.)

After enrollment in the *SuccessMaker At Home* program, your child will be able to use the *SuccessMaker* program from your home. As a parent, you will be able to view your child's performance from home. Your child's teacher will also be able to monitor progress at home or at school.

If you have Internet\* access in your home and wish to enroll your child in the *SuccessMaker at Home* program, please complete this form along with a check for \$25.00, payable to Riverside Elementary School.

\* Requirements: Internet access with Internet Explorer Browser, computer with Pentium II or higher Processor, 64 MB RAM & CD Drive or DVD Drive
